

Welcome to Carbon County!

We recognize there are many factors to consider when looking at relocating to a new community. Jobs, schools, and healthcare routinely rank among the highest priorities for many individuals and families when making this decision.

Memorial Hospital of Carbon County has been providing healthcare to the residents of Carbon County since 1921. This legacy continues today through our mission to ensure individuals have access to quality, patient-centered care and essential services not always found in small, rural areas. Our focus is on the people who call Carbon County home and being a community partner to bring strength and vitality to individuals and businesses alike.

We hope you will find this information helpful in learning about the many health resources Memorial Hospital of Carbon County has to offer!

OB/GYN

Memorial Hospital of Carbon County is a 25 bed Critical Access Hospital that provides general medical and surgical care for inpatient, outpatient, and emergency room patients. The MHCC Emergency Department is the only trauma receiving hospital in the county and provides services to roughly 7,964 miles of Carbon County and surrounding areas.

Patients that require a longer hospital stay can take comfort knowing that we have dedicated Hospitalists charged with caring for our admitted patients.

Our Hospitalists work a seven day shift and are on site at all times, eliminating the need for a different physician to provide care at every shift change.

The facility features a state-of-the art 6 bed Intensive Care Unit to provide the most efficient and safest care possible to critically ill patients of all ages.

Surgical services, including General, Orthopedic, and Obstetrics and Gynecology, are available for a variety of procedures including, but not limited to:

Hernia Repair, Appendectomy, Colonoscopy/EGD, Thyroidectomies, C-Section, Hysterectomy and Gynecological Procedures, Total Knee, Hip, and Shoulder Replacement, Carpal Tunnel, Trigger Finger Repair, Arthroscopies of Shoulder, Rotator Cuff Repair, and ACL Repair.

The MHCC Women's Health Clinic and Obstetrics Department offers a patient centered environment that utilizes the latest standards of practice for women at every stage of life.

The MHCC Radiology Department features a highly trained and experienced team in addition to the latest imaging technology available. Services include 3D Mammography, Ultrasound, MRI, CT, Therapeutic Spine Injections, and Fluoroscopy, with Nuclear Medicine and DEXA Scan being added in 2021.

A joint partnership between MHCC and Fremont Therapy Group provides a large range of Physical Therapy and Rehabilitation services to Carbon County residents.

MHCC Hospital Based Clinics

Memorial Hospital of Carbon County proudly offers a number of in-house clinics and specialty services that make our facility unique from many other small hospitals!

MHCC Women's Clinic

307-324-9098

At Memorial Hospital of Carbon County, we recognize the importance of meeting the special healthcare needs of women across the region. We employ two board certified OB/GYN's as well as a Family Practice OB Provider, which allows us to ensure full time coverage and peace of mind for our patients. From annual health checks to high-risk pregnancies and procedures, you'll find exemplary care in an inviting, supportive atmosphere!

Ancillary Services

MHCC Orthopedic & Pain Clinic

307-324-6022

One of the most valued features of Wyoming is the active lifestyle it offers! Whether it be work or play, that activity may lead to occasional injuries and pain. A dedicated board certified Orthopedic Surgeon and Certified Physician Assistant are on site to assess, diagnose and treat bone and joint issues, including surgical options when needed. We offer Robotic Assisted Joint Replacements; advanced technology that provides incredible accuracy and precision, resulting in superior results for the patient! For those suffering from chronic pain, MHCC partners with Holistic Pain Management, a nationally recognized company, whose focus is to provide alternative pain management solutions without the use of opiate drug prescriptions.

MHCC General Surgery Clinic

307-324-9098

Whether it is unexpected or scheduled, the MHCC General Surgery Clinic is nearby to perform a number of surgical procedures. The hospital is equipped with two operating rooms where you will find equipment and advanced features you might only expect to find in larger hospitals, including highly specialized sterilization units that provide additional safety precautions for the health and well being of our patients.

MHCC Allergy Clinic

300 3rd Street, Rawlins, WY
307-324-8494

Implemented in 2020, MHCC partnered with Allergy Services of America, LLC to offer a complete spectrum of allergy testing and immunotherapy to our patients. All testing and treatment is performed locally, eliminating the need to travel out of town.

The MHCC Allergy Clinic is located within the MHCC Family Practice Clinic in Rawlins.

MHCC Family Practice Clinic

300 3rd Street, Rawlins, WY
307-324-8494

Opening in 2019, this newly remodeled clinic is home to multiple providers, including Family Nurse Practitioners and Medical Doctors. The modern design features 12 exam rooms, 2 procedure rooms, in-house X-Ray and lab, complimented by an efficient work flow and cutting edge technology. Primary Care, Acute Care, Weight Management, Pediatrics, Osteopathic Manipulation, DOT Physicals, and Vaccinations are just some of the services provided at this location.

MHCC Family Practice Clinic-Hanna

1008 Feldspar Ct, Hanna, WY
307-325-6596

The MHCC Family Practice Clinic-Hanna provides family medicine to the residents of Hanna, Elk Mountain, and Medicine Bow. Newly remodeled in 2020, the facility features four exam rooms, lab and imaging.

MHCC Health Center-Platte Valley

1504 South River Street, Saratoga, WY
307-326-3580

Our newest facility, located in Saratoga, WY, is currently under construction and will open in early 2021. The site features a 6,000 square foot modern design with a large, centrally located waiting room and reception area designed to provide comfort, convenience and efficiency to patients. Five exams rooms, one medical procedure room, laboratory and blood draw area, X-Ray, and a dedicated Physical Therapy Suite with two exam rooms and gym/exercise space will allow our Providers to offer a number of services such as Primary Care, Acute Care, Pediatrics, Physical Therapy, OB/GYN, Orthopedics, General Surgery, Pain Management, and more!
